

## Guidelines During Covid-19

### GENERAL GUIDELINES

Masks are required on and off the ice at the Detroit Curling Club. The only exception is when consuming food or drink, or to address an urgent health concern. Spectators are not admitted at this time.

**IF YOU FEEL SICK IN ANY WAY, INCLUDING SHORTNESS OF BREATH, FEVER, COUGH SORE THROAT, NEW LOSS OF TASTE OR SMELL, PLEASE STAY HOME.** It is up to all of us to protect our curling community. The club will be professionally disinfected daily. Hand sanitizers will be available throughout the club.

All common/high touch areas (tables, chairs, door handles, faucet handles, toilet seats and handles, cash register/card reader, bar rail) will be disinfected after every draw/rental. The drawmaster will rotate responsibility for this work amongst the league members.

Contactless Payment by Credit Card Only including Membership, Bonspiels, Pro Shop

The Board may modify these requirements at any time.

### TRAFFIC FLOW AND WARM ROOM

Leagues must allow 25 minutes between draws for player to leave and the next draw to arrive.

Prior to your draw please enter the arena through the door next to the bar. After your draw please exit the arena through the door to the locker room hallway.

Locker Rooms will be closed. Please arrive dressed and ready to play. Shoes can be changed in the warm room. With the exception of the drawmaster, league members should only enter the building 10 minutes prior to their drawtime. If you arrive early, please stay in the parking lot.

Socializing will be permitted in the warm room after games. Those staying to socialize must wait until the following draw is on the ice before entering the warm room (when applicable).

The club will limit the warm room to 16 for socializing (not including bartender). A maximum of four people can be seated per table and the tables will be widely spaced through the room. No sharing of pitchers or popcorn.

The bartender will have screens or dividers for their protection and PPE will be used.

Members are expected to disinfect their area prior to departing. The club will distribute disinfecting supplies generously throughout the warm room.

Masks are to be worn until the person is seated with a beverage and/or food. Masks shall be worn if neither food or drink is present.
